

Collect Calls To Report Sick Absences May Be Made To Shift Superintendent

Y-12 employees living away from the Oak Ridge area may make official long distance telephone calls collect to the Plant Shift Superintendents' Office to report emergencies of illness or other reasons for being unable to report to work. Departmental Supervisors are not authorized to accept such collect long distance calls.

The plant telephone number of the Plant Shift Superintendent's office is 7172. When such a long distance telephone call is made, employees or whoever may be calling for them should report the call as official.

On receipt of such emergency long distance calls from an employee or some member of his family reporting the employee unable to report for work the information will immediately be forwarded to the employee's direct Supervisor.

10th Carbide Safety Period Established In Y-12 Earning More Individual Awards

Employees On Payroll February 26-May 5 Eligible; New Accident-Free String Starts

Those 2,129,426 hours of accident-free operations in Y-12 for the 70 days from February 26 to May 5, inclusive, has been established as another Carbide Safety Period of more than 1,500,000 hours of operations without a disabling accident. It is the 10th such period established in Y-12 since Carbide took over operations in the plant in 1947.

Plans Underway for Awards

As a result of establishing this latest Carbide Safety Period, Y-12ers and other Carbide employees in the Y-12 Plant Area on the payroll during the period are eligible to receive individual safety awards presented by the Company. Plans now are underway for distribution of these awards.

Under present Carbide regulations, individual safety awards valued at \$2 will be presented to eligible employees participating in a Carbide Safety Period of more than 1,500,000 and less than 3,000,000 man-hours of work without a lost time accident. For periods in excess of 3,000,000 hours of operations and less than 5,000,000, awards valued at \$5 are made while awards valued at \$10 are given when the 5,000,000-hour mark is passed.

New Period Started May 11

The latest period of accident-free operations in Y-12 began on May 11 and through Sunday, June 6, a total of 26 days had passed without a disabling mishap. This is another good start toward an 11th Carbide Safety Period and with safety-minded Y-12ers exerting every effort toward protecting themselves, their families and the Company against accidents that cause pain and loss of time the goal set earlier this year of 5,000,000 hours of work without interruption by accident can be reached.

The Safety Department will begin at once to assemble samples of articles suitable for the individual safety awards. The collection will continue through June 6.

SAFETY SCOREBOARD

The Y-12 Plant Has Operated 26 Days Or 773,760 Hours (Unofficial Estimate) Without A Lost Time Accident Through June 6

Hourly, Weekly Employees Get Data Cards Friday

Years Of Education Among Information Sought In Questions

All hourly and weekly paid Carbide employees in the Y-12 Plant Area will receive questionnaire cards with their pay checks on Friday, June 11, in a plant-wide program to bring personal records of all employees up-to-date. Immediate compliance by employees in filling out the cards and placing them in the plant mail is urged so that data on hand at the Personnel Records Section can be revised, if necessary, to provide accurate information on everyone.

Information To Be Sought

Information requested of employees includes name, badge number, department number, what payroll (weekly, hourly or monthly) to be designated by an initial, plant address and telephone number of the employee's Supervisor. The card also will ask data on number of dependents, draft and marital status and education of the employee. The names, addresses and telephone numbers of two persons to be notified in cases of emergencies also will be asked.

Care should be used in filling out the entire card, as incorrect information on an employee's record makes it worthless to both employees and the Company as far as serving the purpose for which the records are kept.

Give Years of Schooling

In filling out the space for education, employees of Y-12 and the Oak Ridge National Laboratory work in the Y-12 Plant Area are asked to note the years spent in the highest scholastic level reached—elementary school, high school, college or graduate school.

For instance, if an employee has had six years of elementary school education, he should mark down "E" for elementary school and "6" for the number of years spent in school at the highest level reached. If the third year of high school is completed, the card should be marked H3. If the employee is a graduate of a four-year collegiate course it is only necessary to mark the card C4.

FORMER Y-12er WINS TOP MILITARY HONORS AT AUSTRIA POST

Pfc. Rolland J. Spurling, known as "Jack" or "Boots" when he was with the Y-12 Electrical Maintenance Department before going into military service 14 months ago, has won top honors in a course of instruction given at his Field Artillery camp in Austria. He sent word of his accomplishment in the form of a picture from the United States Field Artillery Sentinel, a service newspaper published in Austria, showing him receiving an award from a lieutenant colonel as a captain looks on. Pfc. Spurling is with Headquarters Battery, 510th Field Artillery Battalion. The picture clipping was sent to Virginia Guetner, of the Y-12 Medical Department.

Y-12 Credit Union Has 3,000 Members

Organization Grows From 2,647 In 1953

The steady and wholesome growth of the Y-12 Employees Credit Union was pointed out last week by Allen True, of Electrical Engineering, vice president of the organization and chairman of its information committee. The membership in the credit union has grown to more than 3,000 with 74 new members being picked up in the month of April and 56 more in May.

At the end of 1953, the Y-12 Employees Credit Union had a membership of 2,647, according to the annual report.

Morris J. Fortenberry, of Project Engineering, now is serving his third term as president of the organization.

True announced last week that his information committee will hold a meeting in the near future to map plans for an educational campaign to let all Y-12ers know the operations of the credit union, its value as an investing medium and its convenience and economy in obtaining loans.

CYCLOTRON OF SCRAP

Four students at Trinity College, Hartford, Conn., have built a cyclotron from scrap parts and other materials, according to the Philadelphia Inquirer, which said preliminary tests showed that the instrument would measure up to any of its kind now in existence.

Carbide Promotes Five To Higher Posts In Company

Kinsey Among Three New Vice Presidents; Graham, Reich Cited

Appointment of three new Vice Presidents and Two Executive Vice Presidents of Carbide and Carbon Chemicals Company was announced last week by Harry B. McClure, President of the Company. Carbide and Carbon Chemicals Company is a Division of Union Carbide and Carbon Corporation.

Kinsey Headed K-25 Plant.

Of particular interest to Carbide employees in Oak Ridge is the appointment of H. D. Kinsey, former Plant Manager at K-25, as one of the new Vice Presidents. The other two are N. C. Babcock and E. E. Fogle. The new Executive Vice Presidents are Robert N. Graham and William F. Reich, Jr.

Mr. Kinsey graduated from Roanoke College in 1921 and received a degree of Master of Science from Massachusetts Institute of Technology in 1924. After graduation he joined Carbide as cadet engineer at Clendenin, W. Va. He soon was promoted to shift foreman at Carbide's Charleston, W. Va., plant and progressed there to Assistant Superintendent. In 1934 he was made Superintendent of the Company's new chemicals plant at Whiting, Ind.

In Oak Ridge Two Years

He came to Oak Ridge as Plant Manager of the K-25 Plant in 1944 and two years later was transferred to New York to become Works Manager of the Company.

While in Oak Ridge, Mr. Kinsey lived at 38 Outer Drive. He had four daughters, Jo Ann, a graduate of Oak Ridge High School; Louise who attended high school here; Carol and Melissa, who was born during his residence in Oak Ridge.

Mr. Babcock received the degree of Bachelor of Arts at Cornell University in 1918. After serving in the Army in World War I and a brief industrial experience, he joined the sales department of Carbide in New York in 1924. In 1935 he was made Manager of Chemical Sales and in 1944 he became Manager of the Industrial Chemicals Division of the Company.

Fogle Once With OPS

Mr. Fogle is a graduate of Marietta College, Marietta, Ohio, where he received a degree of

Much Merriment Looms For Y-12 Guys And Gals At Plantation Ball To Be Held Friday Night

Much merriment for folks from one end of the Y-12 Plant Area to the other is on tap at the Plantation Ball to be staged by the Y-12 Girls Club from 9 p.m. to 1 a.m. Friday night of this week, June 11, at the Oak Terrace Ballroom. Come one—come all, say members of the club, who have been working for weeks in efforts to make the shindig one to be long remembered among the fun and frolic seekers of Y-12.

Of course the affair is to be on the real informal side as far as dress is concerned—with comfort

the main objective. The lady folks attending the affair are planning to wear frilly and light cotton frocks while the men are asked to don their most colorful sport shirts and slacks for the occasion. No stiff—or stuffed—shirts, either literally or figuratively, will feel at home at the Plantation Ball.

Even the band—Clarence Neal's orchestra in this case—will be right in style for the dance, wearing blue jeans, it is expected.

Tickets will be on sale at various points in Y-12 until Friday

afternoon, selling for just \$1 per person. Party-goers waiting until going to the ball itself Friday night and buying their tickets at the door will find them costing \$1.25 per each.

Sales of tickets in Y-12 are being made by cashiers at both ends of the cafeteria serving line, the Y-12 Check Cashing Facility in Bldg. 9723-12, the Cashier's Office, Bldg. 9704-2; The Y-12 Credit Union, basement of the cafeteria building and from all members of the Girls Club in many of the plant buildings.

ENTREES ARE ANNOUNCED FOR SPECIAL LUNCHEONS AT Y-12 CAFETERIA

Tasty top dishes have been announced as entrees in the Special Luncheon to be served for 50 cents at the Y-12 Cafeteria on tomorrow, Thursday, June 10, and next Tuesday, June 15. The entree on each lunch will be accompanied by a vegetable, choice of salad or dessert and rolls and butter. The main dish on these Special Lunches are:

Thursday, June 10 — Ham croquettes with cheese sauce.

Tuesday, June 15 — Grilled bologna with hot potato salad.

Carbide Promotes Five To Vice Presidencies

Continued from Page 1

Bachelor of Arts in Chemistry in 1930. He joined the Carbide organization as a research fellow at Mellon Institute of Industrial Research in Pittsburgh in September 1930. He became Chicago District Sales Manager in 1930, Western Division Sales Manager in 1944 and Sales Manager of the Industrial Chemicals Division in 1953. For about seven months, beginning in 1952, he served as Director of the Rubber, Chemicals, Drugs and Fuels Division, Office of Price Stabilization in Washington.

Prior to his appointment as Executive Vice President, Mr. Graham was Carbide Vice President in charge of production. Mr. Reich formerly was Vice President in charge of sales.

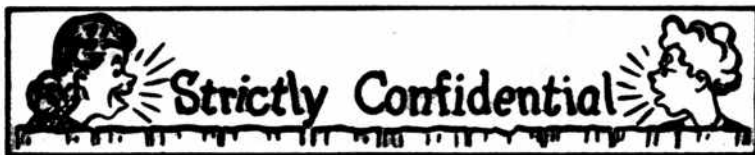

Graham Employed in 1922

Mr. Graham was employed by Carbide in 1922 as a research chemist. He worked at the Company's South Charleston, W. Va., plant as a Chemical Supervisor and over a period of years he progressed through a number of positions, becoming Assistant Plant Superintendent in 1930 and Plant Superintendent in 1935. He was transferred by Carbide to its New York office in 1940 as Assistant Works Manager and in 1944 became Vice President for Operations.

Mr. Reich entered the employ of Union Carbide in 1919 as a Sales Correspondent for the Linde Air Products Company. He became a Sales Representative for that Company in 1920. After serving as a District Manager for Linde Air Products Company in Buffalo, N. Y., and San Francisco, Calif., he was transferred to Carbide and Carbon Chemicals Company to become Manager of Gas Sales. He became General Sales Manager for Carbide in 1932 after serving as Manager of the Stabilizer Division and Assistant General Sales Manager for the Company. He was appointed Vice President of Carbide in 1944.

FRIENDS OF THE FORMER ETHEL SHEPHERD WHO WAS married on Sunday, May 30 to Frank Fuis, of Chemical and Industrial Engineering, were hosts to her at a linen shower on Thursday, May 27. The honoree, seated at left, was with the Tool Department. Seated at right are Fannie Jeffreys and Becky Clayton. The co-hostesses, Grace Piper and Dorothy Wilkinson, are first in line from left standing with other guests being Mrs. M. J. Akers, mother of Mrs. Fuis; Betty Pope, Polly Mossman, Ann Miller, Lois Cristy, Mary Mitchell, Dot Cortner, Adele Frazier, Gladys Sullins, Ann Foster, Jennie Bundrant, Kay Shepherd, Mary Westfall and Pearl Dunbar. The shower was given at the home of Grace Piper, 104 Cedar Lane, Oak Ridge. In addition to the guests named above was Johnnie Elliott, who was not in the picture.

Add similies—As sad looking as a politician's picture on a post after a hard rain (particularly if he has been defeated).
They're off and running—

INDUSTRIAL RELATIONS

Herb Reynolds, of Technical Information, vacationed last week 'way up East in Elizabethton . . . Terry Keener, Production Inspection; and Martha Parks gave a china shower for Betty Stephens before her marriage on May 29. It was at Martha's domicile . . . Another pleasant social function was the surprise birthday party given by Dotty Ault for her husband, attended by department friends of the pair.

Medical's Peggy Bright is enjoying her vacation with her sailor husband stationed at Norfolk, Va. . . . Charlyne Smith also is vacationing.

Cafeteria's news is mostly vacationing—Irene McCroskey visiting her daughter in Shreveport, La. . . . Freda Hall in Nashville and Rockwood with some angling on the side . . . Mayme Hundley just stayed at home in Knoxville . . . Jesse Durrett, high factotum of the kitchen, was expected back to work this week after a unique injury at home—too much "dog trouble" 'tis reported.

Vacationers also abound in the Guard Department, including L. W. LaRue, W. M. Grant, G. A. Cowan, W. M. Queener, C. L. Cotter and B. F. Robinette . . . Shirley Hunnicut and gardening pals still have hopes for their North Portal "park" despite those hailstones—"this big"—that ruined the roses.

The gent getting furthest away from it all on vacation is J. E. Campbell, of Personnel. He's going all the way to California, with attendance at the national Red Cross convention one item on the trip agenda.

CHEMICAL

S. A. Fink, J. B. Kennedy, A. C. Lee, W. R. McClellan, T. P. Pride and H. J. Searcy were Chemical Department vacationers—destinations unannounced.

MAINTENANCE

Electrical Maintenance folks who knew Carl Sutton, a former Y-12er, extended condolences to his family of his death last week in Oak Ridge . . . Get-well wishes were sent to W. H. Poole, Jr., who was ill last week . . . Department vacationers are H. R. Bailey, C. J. Loveday, J. M. Nix and E. J. Walker.

Planning and Estimating warmed the welcome mat last week for newcomer Mildred White . . . Clyde Brewer is quietly vacationing at home.

Field Maintenance folks are getting around and about on vacations—and how . . . Best destination yet named is that of C. C. Nelson, reported in Do Help Me, Tenn. (so help me, that's what it says here on the notes), and LaFollette . . . J. H. McCulley is fishing in Kentucky . . . E. M. McCullough to Florida with family . . . J. E. Holbert in Hoosierland, Indian Springs and Madison, Ind. . . . O. B. Ball close by at Knoxville . . . J. W. Howard remodeling home at Rockwood . . . S. E. Burkhalter fishing at Panama City, Fla. . . . J. E. Williams at Auburn, Ala. . . . E. E. Denham and W. T. Fry touring the Smokies . . . E. L. Burks at his Crossville home . . . J. E. Herrin stopping over at Huntsville, Ga., enroute to Daytona Beach . . . J. B. Dodd also at Daytona Beach . . . T. E. Kompa up to Saint Looney with relatives and friends . . . E. R. Baxter in Cocke County, Tenn., fishing . . . J. T. Gallups in Birmingham, Ala., to see his mother and thence to Laurel, Ala., to visit a sister . . . D. B. Blackburn just stayed at home in Oak Ridge . . . M. A. Horton got as far as Lake City . . . Another Indiana visitor is J. P. Tilley . . . J. F. Hannah in Chicago as a delegate from the Clinton Odd Fellows Lodge . . . N. L. Derryberry at Jackson, Tenn. . . . J. C. Stutts, Sr., over at St. Joseph, Tenn. . . . While checking up on all these vacationers the department hung out the welcome sign for newcomers W. E. Davis, T. M. Sampley and E. M. Shelton . . . Sympathy is extended to M. T. Johnson, whose mother died recently in Rome, Ga.

Transportation and Buildings and Grounds reports S. R. Cowden among the Daytona Beach vacationers . . . Others away include J. W. Rains, E. W. Hart, F. D. Bradburn, W. M. Kiggins, R. Ivery, C. L. Huddleston, D. C. Lasley, E. Gillespie, R. H. Darby, W. T. Bryson, R. J. Johnson, J. H. Seivers, and S. P. Eubanks.

Alloy Development Maintenance has sent out pleas for any partly used or discarded blue prints for lakeside cabins to give C. M. Simcox, who recently won a lot right on Norris Lake (some folks are just nacherly lucky) . . . Recovery wishes are out for C. E. Disney and R. L. Wolfenbarger, both ailing last week . . . C. H. Wade and W. W. Ring are engaged in fishing vacations . . . F. E. Daniel and family went to see the sights in Florida . . . H. E. Hamilton is at home in Concord but whereabouts are unknown for E. L. Mates, G. A. Norman, W. H. Miller, K. C. Fritts and T. D. Tucker.

Salvage wishes a speedy recovery for the daughter of K. L. Duncan, now at home after spending some time in a hospital.

MECHANICAL OPERATIONS

Wishes for speedy recoveries are sent by General Machine Shop folks to W. E. Chadwick, at St. Mary's Hospital, Knoxville; and J. F. Gray, recovering from a recent operation in the Oak Ridge Hospital . . . S. A. Starnes is vacationing by visiting kinfolks in Charlotte, N. C., and Elizabethton, Tenn. . . . W. J. Grisby is over at home at Kingston . . . J. H. Boyd is fishing at as many lakes in Tennessee as time will permit on his vacation . . . R. C. Horton and family is adding to the Y-12 roster at Daytona Beach . . . G. A. Kirk likes Atlanta for a couple of weeks . . . C. E. Holt chose Myrtle Beach and Charleston, S. C. . . . C. L. Ramsey preferred home at Inskip and L. B. Burchfield his domicile at Maryville for vacation hangouts.

ALLOY

Seems as how some preposterous

E. C. MILLER, LEFT, CARBIDE EMPLOYEE IN THE Y-12 Plant Area, is shown receiving the chairmanship gavel of the Northeast Tennessee Section of the American Welders Society from Jack M. Case, Y-12 Mechanical Operations Division Superintendent and retiring chairman of the section at the group's last meeting of the season held recently in Knoxville.

The following Y-12 employees were patients in the Oak Ridge Hospital last week:

Alta L. Curtis, Production Assay; W. M. Hopkins, Civil and Architectural Engineering; Lela Leslie, Laundry; Bill Cook, Product Processing; A. C. Wampler, General Utilities; John M. Napier, ADP Development; James D. Hayes, Stores; R. K. Eager, Alloy Division; Guy G. Boshears and W. C. Johnson, Buildings and Grounds; Robert S. Manning, Field Maintenance; James W. Stevison, Property Sales; Ralph A. Wilson, B Mechanical Operations.

presuming by a presumptuous editor caused confusion in the Alloy Division last week . . . This colyum said that the Carl Fraziers had a 25th wedding anniversary observance . . . It should have been the Charles Fraziers . . . Note from department says they have Carl Frazier, but he hasn't been married that long . . . (Ed's note—He personally knows Carl, mistook Charles for formal handle—so sorry, please) . . . Alloyites were among other Y-12ers scattered far and wide while vacationing . . . B. D. Cox was lounging around the Daytona Beach sands and visiting relatives at Birmingham . . . Jodell Oakes has stars in her eyes from an exciting week in Washington, D. C. . . . C Shift welcomed Dean Reed back after visiting friends in Illinois . . . D. R. Daugherty spent his week around home in Ridgedale and doing some fishing . . . Also back from vacations in Knoxville are J. H. Milligan and M. H. Huskey . . . J. D. Hart and J. R. McCullum got away before destinations were ascertained, as did C. K. Saunders, J. Whitaker, H. L. Bridges, J. F. Chamblee, D. Bridges and J. W. Harless . . . John Crowe spent the Memorial Day week end at Talladega, Ala. . . . F. L. Vaughn and O. L. Williams are maneuvering around Oak Ridge fishing and relaxing . . . W. A. McLoud and family jaunted over to Monterey, Tenn. . . . F. R. Castleberry and the missus are soaking up lots of sunshine over at Myrtle Beach . . . G. T. Inklebarger is 'way down South in Florida while F. G. Parker is just riding up and down rivers and lakes around Knoxville . . . E. S. French vowed he was going to spend the first two days of his vacation just relaxing—and then look out, Norris fish! . . . T. S. Arnold is making short trips to Tennessee points of interest from home base in Oak Ridge . . . Other close-at-homes are M. E. Stooksbury at Byington, L. D. Lands at Rockwood and C. W. Ferguson at home with his brand new baby . . . Charley Whitwell's sister-in-law, Miss Anneliese

Continued on Page 4

Miller Succeeds Case As Welders Chairman

The chairmanship of the Northeast Tennessee Section of the American Welding Society recently passed from Jack M. Case, Superintendent of the Mechanical Operations Division in Y-12; to E. C. Miller, another Carbide employee in the Y-12 Plant Area. Other Y-12ers were elected to office of the section for the coming year. Miller is with the Materials Chemistry Division of Oak Ridge National Laboratory.

J. C. Thompson, of the Y-12 Mechanical Engineering Department, was elected treasurer of the section. Among the members of the new board of directors are E. N. Rogers and L. R. Bledsoe, both of Field Welding. Other new board members are E. B. Poole, J. I. Temple and G. R. Smith. Holdover directors include Chester Estes, another Y-12er in Field Welding; C. D. Armstrong, M. E. Berryhill, H. B. Williams and A. A. Walls.

In addition to Miller as chairman for the coming year, other new officers are Loy G. Dower, first vice chairman; Donald Scott, second vice chairman; and G. M. Slaughter, secretary.

The section will suspend operations for the summer months, resuming meetings in September.

10 Years Service

Congratulations to the following Y-12 employees who will complete 10 years of Company Service within the next few days—

Harold J. Ratjen, Superintendents, June 12.

Evelyn M. Tucker, Cafeteria, June 12.

James V. Ledbetter, Guard, June 12.

Nancy S. Gasaway, Cafeteria, June 12.

Wilma C. West, Product Processing, June 13.

Mollie K. Hatfield, Safety, June 13.

Jim Arrington, Chemical, June 14.

Ozell M. Pass, Production Assay, June 14.

Betty Whitehorn, Security, June 15.

William J. Barker, General Machine Shop, June 15.

Juanita H. Easley, Production Assay, June 16.

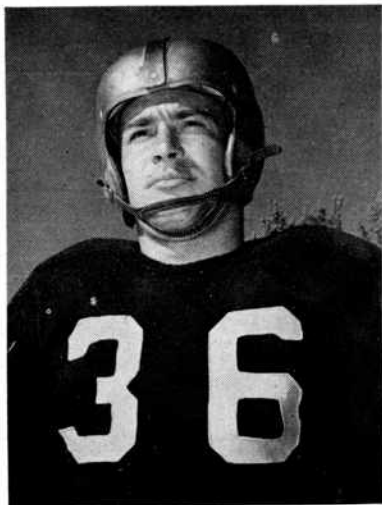

Willie M. Braden, Cafeteria, June 16.

Y-12er's Son Makes Fine Record As Gridster With T.P.I.; Captained Eagles In 1953; Will Get Degree In December

Virgil Rains, Jr., son of Virgil Rains, Sr., of the Janitors Department in Y-12, has made quite a record in various football circles around the country for the past few years. Young Rains also is a former Y-12er having worked in Building and Grounds and Receiving and Shipping Departments.

Virgil started his long football career in high school at Clinton by lettering at the guard position for three years beginning in 1944. From high school he went to prep school at Morehead, Miss., for one year, where he gained recognition as an outstanding football prospect. He entered Tennessee Polytechnic Institute at Cookeville, Tenn., in 1949. After playing one year of varsity football at Tennessee Tech, where he was named on several all-opponents teams including the University of Tennessee, Rains was called into military service on September 1, 1950. He played

Virgil Rains, Jr.

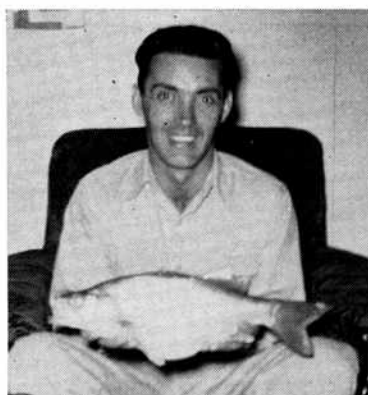

two years of service football at Fort Devens, Mass., and doubled up as a defensive line coach for the team. The Fort Devens team

was recognized as one of the finest service teams ever assembled, going through 17 games without a loss.

After the service stint, Rains returned to Tennessee Tech and resumed his football career. In 1952 and '53, he played guard on two Ohio Valley Conference championship teams. He served as captain of the 1953 Eagle squad.

Virgil has one year of eligibility remaining with plans to graduate in December of this year with a B.S. degree in Health and Physical Education. He then is scheduled for more study leading to an M.A. Degree also in the field of Health and Physical Education with a career in coaching to follow.

Rains is married to the former Charlotte Ann Shorter, who worked in the Y-12 Clearance and Pass Office in 1950-51. They have two young sons, Gregory and Randall, ages two and nine months, respectively.

THIS NICE STRIPED BASS will take a lot of beating in the Y-12 Annual Fishing Contest that extends throughout the year. The fish was caught by Rayce L. Vanderpool, of Electrical Maintenance, not long ago in Poplar Creek. Many fine prizes await the winners in the annual fishing contest and full information about the event and entry blanks may be obtained at the Recreation Office, Bldg. 9704-2, telephone 7753.

Plant Softies Go To Canton

Y-12ers Add Wins In Knox-Ridge Loop

The varsity Y-12 softball teams will be making their first joint journey away from Oak Ridge on Saturday of this week when they travel over the mountains to meet the strong Canton, N. C., teams. Tentative plans call for the women to play a single game and the men a double-header on Saturday night.

It is expected quite a delegation of Y-12 fans will accompany the Cardinals and Robins on their invasion of North Carolina to support the high-flying outfits. The Cards will be endeavoring to avenge one of their two defeats of the season when they meet Canton, one of the South's strongest softy combines.

The Cards and Robins each added another Knox-Ridge League victory to their skein last week. The Cards downed Bell Avenue Baptist Church, of Knoxville, by 4 to 1. The Robins romped over the K-25 Kay-Dettes by 18 to 4.

The Cards are leading the Knox-Ridge League by two games with a five won and one loss record and the Robins are second with four wins and one loss, just one game back of Vestal. The Cards are slated to meet Watson Furniture Co. at 9 o'clock Friday night at Oak Ridge to end the first half of the season. After that they play Mascot in Knoxville at 9 p.m. Wednesday, June 23. The Robins' next clash is against the Legionettes at 6 p.m. Friday, June 11. The Y-12 girls have two makeup games with league-leading Vestal on June 15 and June 18.

Morris Perry pitched and batted the Cards to their victory. The slim slinger allowed five hits but whiffed eight and got two of Y-12's four bingles, driving in one run and scoring another. Kayo Montgomery banged a triple for the Cards' only extra base hit. Veteran hurler Ella Mae Koontz toyed with the K-25 lassies as the Robins broke loose in the third round and were never headed. The Robin pitcher fanned six and allowed only four hits. Y-12 homers were struck by Lois Secrist and Peggy Cowan while Ruby O'Kain led the hitters with four for five. Helen Brown got three for six with the stick.

Line scores follow:

Team	R	H	E
Bell Avenue	002	000	0-2 5 1
Cardinals	003	001	x-4 4 2
Thomas and Loy. Perry and Seivers.			
Robins	009	522	0-18 17 1
K-25	000	103	0-4 4 4
Koontz, O'Kain and Roberts. Hobson and Ellis.			

Rippers Win Title In Plant Golf Loop

The hard-hitting Rippers are first-half champs of the divided golf season in the Y-12 Plant Golf League. Members of the Rippers team are Paddy Peckman, Jay Holzknecht, Bill Baumann and Jack Spears. Subs for the team are Al Sawyer and Archie Hooker.

Results in the loop last week found the Rippers winning two points from the Crooks by forfeit, Rough Riders over Divot Diggers by forfeit and the Chippers took a pair from the Fat Boys. The following teams split two points, Plugs and Grand Slammers, Eagles and Hooks, ADP and Dubbers, and Gophers and Bogies.

Final first-half standing follows:

Team	W	L
Rippers	16	2
Rough Riders	14	4
Chippers	14	4
Plugs	13	5
Grand Slammers	11	7
Eagles	10	8
Fat Boys	10	8
ADP	9	9
Gophers	9	9
Hooks	7	11
Bogies	5	13
Crooks	5	13
Dubbers	3	15

Second Y-12 Week-End Golf Tournament Set For Saturday, June 19 At Deane Hill

The second Y-12 Week-End Golf Tournament of the year will be held at Deane Hills Country Club in Knoxville, on Saturday, June 19, with starting time set at 8:30 a.m. The only charge for participation in the tournament will be payment of individual greens fee.

An effort is being made by the Recreation Office to increase interest in the golf tournament and a big turnout is expected to be playing for the fine prizes offered.

Prizes for the tournament will include, golf shoes, golf umbrella, caddy cart, sport shirts, golf caps, golf bags and golf balls. Prizes will be given for low gross score, low net score, most 4s, most 5s, most 6s, high net team, and a draw will be held to determine winners for low gross six blind holes and high gross six blind holes.

Entry blanks for the tournament may be obtained from the Recreation Office, Bldg. 9704-2, telephone 7753 or from any of the team captains in the Y-12 Plant Golf League.

Dodgers Defeated By Loudon Giants

Manager Lee Johnson and the Y-12 Dodgers journeyed to Loudon last week and dropped an 8 to 4 game to the Loudon Giants in a Memorial Day baseball game. It was a well-played game all the way with the Dodgers getting behind in the first inning and being unable to catch the high-flying Giants. Leon Coleman, Dodger first baseman, led the hitting parade by collecting two doubles and a triple out of three trips to the platter.

Line score follows:

Team	R	H	E
Dodgers	1	0	0
Giants	6	0	0
Mosley and Johnson. Faulkner and Brown			

Recreation Office Seeks Tennis Talent

Anyone for tennis? An effort is being made by the Y-12 Recreation Office to revive the tennis game in the plant. Considerable interest has been expressed in the sport by various groups throughout the plant.

All interested employees in the plant are urged to communicate with the Recreation Office, Bldg. 9704-2, telephone 7754.

Both men and women are invited to join the tennis groups with possibilities of organizing a Y-12 Plant Tennis League, an Oak Ridge City League team or form a Tennis Ladder within the plant.

Y-12 SPORTS

Big Fishing Rodeo Attracts 150 People

More than 150 fishing rodeo tickets were sold to plant anglers who are set on winning various prizes in the second Y-12 Fishing Rodeo of the year, which ended at midnight Sunday, June 6.

First, second and third prizes will be given in each class with weight determining the winners. In case of ties, length and girth, in that order will be used to determine the winner. All money from entry fees will be used to buy prizes.

A complete list of all winners in the rodeo will be published in next week's edition of The Bulletin.

Dodgers Dumped By Knox Tigers

After leading the Knoxville Tigers for most of the game, the Y-12 Dodgers saw the Knoxville club score five runs in the eighth round to earn a 9 to 6 triumph Sunday in the winner's home park.

Score by innings:

Team	R	H	E
Dodgers	310	100	100-6 13 4
Tigers	000	031	05x-9 9 3
Williams and Johnson. Wright and Crummy.			

CHAMPIONS OF FEMININE PIN SMASHERS — AND pulchritude—in Oak Ridge during the past bowling season is the Y-12 women's varsity team shown above. They won the Oak Ridge Women's City League title for the second consecutive year—and as far as the pulchritude is concerned—take a look for yourself. From left are Ruby O'Kain, Dot Park, Mavis Koons, Betty Whitehorn, Juanita Reed and Doris Walton. They are shown with the league championship trophies.

Weather Slows Plant Softball

Maintenance Wins Only Game In Circuit

Rain and bad weather virtually halted all action in the Y-12 Plant Softball League last week, as only one game was played in the loop. Maintenance won a 22 to 11 victory over the Steamers in a slugfest. Maintenance came through with big innings from the start as their bats were booming with base hits. Slamming home runs for the winners were Farris, Argo and Floyd Kye. Ed Spradling, pitcher for the Steamers, also clouted a four master for the losers.

Schedule for the week of June 14 follows with a reminder to all managers and players that Bldg. 9212 and the Uranium Control Junior Varsity teams have dropped from the league, thereby forfeiting their games during the rest of the first half schedule.

Monday, June 14 — 6:15 p.m., Steamers vs 9212. 7:45 p.m., Guards vs ADP.

Tuesday, June 15 — 6:15 p.m., Maintenance vs 49ers. 7:45 p.m., Engineers vs UCJV.

Wednesday, June 16—6:15 p.m., 49ers vs Bombers. 7:45 p.m., Steamers vs Engineers.

Thursday, June 17 — 6:15 p.m., UCJV vs ADP. 7:45 p.m., 9212 vs Maintenance.

Line scores and league standing follows:

Team	W	L
Bombers	7	1
49ers	9	2
Guards	5	5
Maintenance	5	5
Steamers	5	6
ADP	4	5
Engineers	2	7

Y-12 Orioles Drop City Slo Pitch Tilt

The Y-12 Slo Pitch team in the Oak Ridge City Slo Pitch League went down in defeat last week before AECEA by 17 to 8. AECEA scored six runs in the first two innings and were never headed throughout the tussle. J. A. Briggs, Y-12 first baseman, led the hitting parade by slamming out two solid base hits.

The Orioles will tangle with Management Services Inc. at 9 p.m. tonight Wednesday, June 9, at Midtown No. 1 Field.

Line score follows:

Team	R	H	E
Y-12 Orioles	2	2	0
AECEA	4	2	2
Anderson and Kompa. Smith and Oster.

Sund, of Sweden, is visiting the Whitwell home in Oak Ridge . . . **O. E. Hatmaker** is entertaining friends from Iowa, showing them the Smokies and choice fishing spots in the neighborhood.

SUPERINTENDENTS

Athala Markland and her husband are among the Daytona Beach vacationers of the week . . . **Barbara Mills** headed the other way—up to Bawston, Mass.

TECHNICAL

Nora Moss, of Project Design, made a quickie airplane trip to Panama City, Fla., over the holiday week end . . . **Ross Goosie** and **Joe Bearden** were vacationers last week.

Electrical Engineering reports **Ellis Hall, H. G. Tilley** and **Larry Koontz** vacationing but couldn't catch up with 'em to find out where . . . However, it is said by authoritative sources that **J. P. Smith** visited in Michigan.

M. B. Hilton, R. Stepp, T. C. Swindell and **Howard McCrow** were Mechanical Engineering vacationers last week.

Helen Stepp, of Health Physics, was receiving get-well wishes last week . . . **Geneva Gracey** was on vacation.

Production Analysis says **Dow Brown** is vacationing this week at Gobblers Knob (anywhere near Do Help He?—see Field Maintenance notes) . . . **Alice Elders** and her husband vacationed down in New Orleans and Florida beckoned **Mickey Barbill**—likewise **Daisy Ward** . . . **Jaye Humphreys** stayed at home in Oak Ridge and **Bill Freels** journeyed over to Myrtle Beach . . . **Chloe Chitwood** and **Thelma Cole** flung a big one up in New York . . . **Rella Davis** stayed at home during the week . . . It wasn't too much fun for **Ann Bishop**, who spent her vacation with her seriously ill mother—and departmental friends extend get-well wishes.

Production Essay said "howdy" to **Mary E. McLeod** and **June Knight Steven**s, departmental newcomers . . . **Florence O'Neal** spent last week in Indiana . . . **Wanda Hawn** is vacationing. The big news down that way was, however, that **Betty Hicks** was back on the job after a 10-month absence because of illness—she was busy for some time expressing her appreciation for the many cards, telephone calls and visits from Y-12ers during her long ordeal.

MANUFACTURING OFFICE

The Manufacturing Office Department extends sincere condolences to **Maola Connor**, whose father died last week at Loudon . . . Get-well wishes also are extended to the wife of **R. R. Tippy**, who was injured in an automobile crash in Oak Ridge last week—she is recovering at the Oak Ridge Hospital . . . **Charley Hall** is vacationing at Rockwood.

The Travel and Cashiers Office missed **Audrey Baldwin** several days ago and a check-up found the gal over at "Audrey's Little Acre" near Martel surveying the "Nawth Fawty" of an addition to

tion will include articles suitable for men and also for women and some suitable for either.

Committee to Make Selections

From these articles safety award selection committees from each division in the plant will choose two awards for men employees, two for women employees and one suitable for either men or women.

After the articles are selected they will be on display at the Y-12 Cafeteria and photographs of them will be printed in The Bulletin. The articles will not be taken around to the various divisions for display as in the past.

After the committee makes its selections, individual selection cards will be distributed throughout the various plant divisions on which employees will designate their choices. When these selections are completed, the articles will be ordered by the Safety Department and distributed when received.

**Interested Y-12ers Invited
To Physics Seminar Meet**

"Relativistic Wave Mechanics" will be subject of discussion at the weekly meeting of Oak Ridge Physics Seminar on Friday afternoon of this week, June 11. The session will be held in the auditorium of the Oak Ridge National Laboratory Bldg. 4500 and the speaker will be **T. A. Welton**, of the ORNL Physics Division. Technical and scientific personnel of Y-12 interested in the subject are invited to attend.

the Baldwin homestead in those parts—she's back now and explaining.

C. A. Duff, of Timekeeping, is a Rockwood vacationer for the week.

Property relates that **Frances Smith** is vacationing at her home in Fayetteville, Tenn.

D. A. Karraker and family—he's in Stores—are going to Nashville this week to see his son graduate from David Lipscomb College . . . **O. M. Kelly** is vacationing at home in Oak Ridge.

The Tool Department has **Kenneth Brown, E. E. Nichols** and **G. L. Unthank** vacationing this week.

The dog sled finally got in from Property Sales out on River Road with reports saying the department sends belated wishes to **Arthur Mitchell** and his brand new wife for a long and happy wedded life . . . **Len Pace** still is trying to win a big, fat prize for snaring a big fat fish—his pals think he will do it some of these days . . . Land Owner **John J. Jenkins, Jr.**, has his farmland in midsummer shape and his crops and really cropping . . . **Ross Eichorn** (did he write this?) says his lawn is a garden spot with the trees and the landscaping finally responding to love and care expended . . . The department is most proud of its no lost time accidents since 1952 record.

Tempus fugits, etc., and so forth—

**Birthday Of Old Glory To Be Observed Monday
With Flag Day Ceremonies Sponsored By Elks****FLAG DAY**

Meeting in Philadelphia on June 14, 1777, the Continental Congress adopted a resolution declaring that the "flag of the United States shall be of 13 stripes of alternate red and white, with a union of 13 stars of white in a blue field representing the new constellation." The basic design of Old Glory has not been changed since then—only in the number of stars with one being added for each state admitted to the union.

On next Monday, June 14, 1954 many Y-12ers will join other residents of Oak Ridge in the observation of Flag Day on the 223rd birthday of the flag. Oak Ridge ceremonies will be conducted by Lodge No. 1684, B.P.O.E., along with Elks lodges throughout the nation as a part of a national tradition of the fraternal organization.

**FLAG DISPLAY URGED;
FREE CLEANING OFFERED**

Every Y-12er is urged to display the American flag on next Monday, June 14, observing Flag Day. Persons owning flags that need cleaning may have them cleaned free of charge at Oak Ridge dry cleaners through Saturday—if they promise to have Old Glory waving on Monday. The cleaning offer was made at the urge of the American Legion with its program of "New Glory for Old Glory" with cleaning firms throughout the nation joining in the move.

Impressive Program Planned

An impressive program has been arranged by the Oak Ridge Elks for 8 o'clock on Monday night at the Pioneer Field. **George H. Dykes**, past exalted ruler of the lodge, will give the History of the Flag from its earliest days and six of the early flags under which the nation served—even before the original Old Glory—will be displayed. Exalted Ruler **J. J. Siegner** will present the Tribute to the Flag, followed by a Response by **J. J. Kutcher**, lodge trustee. Erection of the Floral Bell of Liberty, as assembly of a Liberty Bell replica in flowers, will be given by officers of the lodge. Following the ceremonies will be a baseball game.

Tradition says that the first Stars and Stripes was made by **Betsy Ross**, of Philadelphia, at the request of Gen. **George Washington**. A contemporary description said that the stars of the flag "represent a new constellation rising in the West. The blue in the field is taken from the edge of the Covenanters Banner of Scotland, significant of the covenant of the United States against oppression. The stars are disposed in a circle, symbolizing the perpetuity of the Union, the ring signifying eternity. The 13 show the number of the United States of the Union as well as equality among themselves. The red, the color which in the Roman days was a symbol of defiance, denotes daring, and the white, purity."

First Observance in 1889.

It was not until 1889 that any observance of the flag's birthday was noted. It began with the idea of **George Bloch**, principal of a free kindergarten for the poor in New York City, that the day should be marked with patriotic exercises. Shortly afterward, the New York State legislature passed a law for the observance of Flag Day in all schools on June 14.

Flag Day is not a legal holiday in any of the states, but the date is generally marked in schools that are in session at the time and by patriotic organizations—including the Elks—which feature the Pledge of Allegiance to the Flag.

**Conservation Club Sets Second Annual
Outdoor Show At Jefferson June 10-11-12**

Exhibits on fishing, hunting and general outdoors conservation of resources will be presented by the Oak Ridge Conservation Club in its second annual Outdoor Show set for Thursday, Friday and Saturday of this week, June 10, 11 and 12. The show will be staged at the Jefferson Junior High School auditorium with several local organizations aiding the Conservation Club with exhibits on the theme of the show. Show time will be from 6:30 p.m. to 10:30 p.m. on each of the three nights and admission is free.

**Hourly And Weekly
Cards Out On Friday**

Continued from Page 1

The same system applies for graduate students. If employee has not attended any school at all, he should write "none."

It is not desired that employees include any trade or vocational school training in the questionnaire, only elementary, high school, college or graduate school work.

Monthly Cards Out June 25.

The questionnaire cards will be distributed to monthly paid employees of Y-12 and the Oak Ridge National Laboratory working in the Y-12 Plant Area with pay checks delivered to them on Friday, June 25.

Rides Wanted, Offered

Five Riders Wanted—From West Adair Drive section of Fountain City to East Portal, straight day. **O. W. Morris**, plant telephone 7993, home telephone 4-5190, Knoxville.

Riders Wanted—From North Hills, Arlington and Oakwood sections, Knoxville, via Fountain City, B Shift. **Cecil Clowers**, plant telephone 7903, home telephone 2-8294, Knoxville.

Three Riders Wanted—From Lenoir City to North Portal or Central Parking Lot, straight day. **D. L. Richardson**, plant telephone

Y-12ers On Show Committee

Several Y-12ers are on the club committee planning the show and promise that the 1954 exhibition will be much bigger and better than the initial effort in 1953. Y-12ers on the committee include **Evan W. Means**, former president of the club; **G. J. Angele**, **O. K. Sergeant**, **Russell Hopper**, **J. P. Dillard**, **L. K. Flynn**, **E. E. Johnson** and **H. O. Finley**.

Organizations joining the Conservation Club in staging the show include the Oak Ridge Power Squadron, Atomic Beagle Club, Anderson County Sportsmens Club and the Boy Scouts.

One of the program features will be a nightly exhibition of casting by **Ralph Watson**, former Southeastern champion. Demonstrations in life saving by the Oak Ridge Safety Council also will be staged. A special attraction will be the plaque awarded the Tennessee Conservation League by the National Wildlife Federation for work done by the state group last year. The State Game and Fish Commission also will have an exhibit at the show and commission technicians will answer questions on fishing and hunting.

7351, home telephone 248-R, Lenoir City.

Four or Five Riders Wanted—From East Village, Oak Ridge, straight day. **S. L. Bryant**, plant telephone 7469, home telephone 5-5909, Oak Ridge.
